December 01, 2016

## ***The Rationale***

The participants need understanding on surveying in SA process to carry out SA activities and this session aims to provide basic idea about surveying & SA exercise

## Survey/sample survey

**Is a method by which detailed information on the population characteristics are collected on the basis of sample elements.**

# Team building

- Head of the PSAC, in consultation with the Head of the PoE, will organize an awareness building workshop on SA & QA in HE
- Different teams for survey work will be built there
- Cooperation & participation of all faculty is very important

## *Preparing for the survey*

- Survey Tool

- Stakeholders

  - students

  - alumni

  - employers

  - academic staffs

  - non-academic staffs

## **Conducting survey and review**

- PSAC with the help of faculty members will conduct survey to collect data and feedback form stakeholders using separate questionnaire
- PSAC shall make critical review of documents related to teaching-learning & research
- PSAC shall make the arrangements of data entry & analysis
- PSAC shall prepare the draft SAR

# Sharing the survey results

- PSAC will organize workshop to share the PSA results with the faculty member

# Preparing the final SAR

- PSAC will prepare the final SAR incorporating the valid suggestions & discussion of the workshop
